Tour Activity Levels

At Doves Travel, we want to make sure we find the *right* tour for every traveler!

Tour pacing varies by itinerary, and each destination's sightseeing and activities are unique. Pacing is subject to personal interpretation. We include the best a destination has to offer, enhancing your overall tour experience.

We have created a **Tour Activity Level Ranking**. The definition of each activity level is listed here. If you have additional questions regarding a specific tour, please inquire at time of reservation. For your comfort, we recommend packing comfortable walking shoes so you can fully enjoy every aspect of your tour.

This New York City tour is a Level 3.

Level 1: At a very leisurely pace, this tour involves minimal physical activity, such as climbing some stairs, boarding a motorcoach, and walking from the hotel reception area to hotel rooms and dining areas.

Level 2: This tour requires average physical activity. You should be in good health, able to climb stairs and walk reasonable distances, possibly over uneven ground and cobblestoned streets.

Level 3: This tour includes moderate physical activity. The itinerary blends some longer days with shorter days and more leisure time. Walking tours, as well as walking slightly longer distances, up stairs or on uneven walking surfaces should be expected.

Level 4: To truly experience the program and destination, you need to be able to participate in physical activities such as longer walking tours, walking over uneven terrain, climbing stairs and periods of standing. Some of the touring days may be longer, with select included activities occurring later in the evening.

Level 5: This tour is very active, requiring participants to be physically fit to fully enjoy all the experiences. This itinerary has more strenuous activities which may include such things as: extensive walking tours, transfers over uneven and dusty terrain, high altitudes, early morning departures, late night activities, or extreme temperatures. All conditions do not apply to all days, so please read the itinerary carefully and speak to one of our travel counselors to determine if this tour is right for you. We recommend this program to individuals who are physically fit. Unfortunately, this tour is not appropriate for individuals who use either walkers or wheelchairs. If this trip is not ideally suited for you, our travel counselors can help determine the perfect trip for you.
